

# Climate Change

## The Rest of the Story

# Climate Change Mitigation

- Retrofitting Buildings
- Renewable Energy Sources
- Sustainable Transport
- Sustainable uses of Land and Forests

Critical work, but not the whole story

Over Consumption

Facing the Truth

# Survival of the Fittest

# Climate Change Adaptation

- Conditions will continue to intensify.
- Access to life-sustaining resources will become harder.
- Local action and collaboration.

What does this mean for  
Prestwood and Great Missenden?

It could mean ...

- Understanding what must be protected and nurtured.
- Developing our 'How To'.
- Building Resilient Local Economy
- Making Room for Voices
- Above all: Nurturing Relationships

The scale of the threats to the biosphere and all its life forms—  
including humanity—is in fact so great that it is difficult to grasp for  
even well-informed experts

Frontiers of Conservation Science
